Quotation from TMN Cable came in, THB 123,478.— is too expensive for GFV2.

K. Prasob will be asked for a quotation to put the new cables in.

M-3/2020 no quotation was received from K. Prasob yet, YGV will ask again.

M-4/2020 The quotation to put the new cables are not in yet.

The project CCTV has been put on a hold till the September meeting.
The committee wants to see the development of the running costs for the village before investing into a new CCTV system.

d) Rats in the village

Pest control was called in and metal traps were placed so were food traps.

Unfortunately the metal traps disappeared from the locations. It is suspected that the children of the village played around with them since the Pest Control had not been back to collect them yet and one was found thrown into a bush.

K. Yen filled 2 suspected rat holes with pebbles and sand. It seemed these rat holes were abandoned.

e) Street repair

The street repair project was put on hold until further notice.

f) Gate Entrance System

The old card reader system is broken and unreliable. YGV tries to find replacements but unfortunately it is not supported anymore from the company GFV2 bought the old system from.

YGV suggested to switch systems to a new number plate recognition system (NPRS) and will investigate and present the information found at the next meeting.
